

AEM 313 Problem Set #0

Not to be submitted; Not graded; Expected Knowledge

Familiarize yourself with aircraft component terminology available at:

https://en.wikipedia.org/wiki/Wing_configuration

<https://en.wikipedia.org/wiki/Empennage>

https://en.wikipedia.org/wiki/Category:Aircraft_controls

Your goal is to be able to identify and discuss the major components of an aircraft. As this AEM 313 course progresses, you will become familiar with the function and aerodynamics associated with each part.
